

All Purpose Single Set Roller Mill

Whether you need a crimper, cracker, or roller grinder, we offer commercial and industrial options that can handle any moisture content of grain material and deliver the precise particle size you require. Our machines feature solid shafts and chilled iron rolls that are built to withstand heavy duty use, and are equipped with spring protection and a hydraulic roll opener for easy maintenance. You can choose between a removable magnets for added convenience, and our heavy duty roller drive has fewer moving parts for increased reliability. Additionally, our machines come with a sample port so you can easily monitor your output.

- ★ Low Profile
- ★ Less Moving Parts
- ★ Hydraulic Roll Opener
- ★ Sample Ports
- ★ Removable Plate or
- ★ Finger Magnets
