

IFA Magnetic Scalper

The IFA Magnetic Scalper boasts a range of impressive features that make it a must-have for any agricultural operation. Its self-cleaning mechanism ensures that maintenance is a breeze. You also have the option of using the Infeed Option Hopper with grain level control by proximity switches or the gravity feed overhead bin, which features a top shut off gate and can be manually or electrically powered using an optional electric or pneumatic cob rake-off. The IFA Magnetic Scalper is equipped with an electric or pneumatic, linear actuator activated by proximity switch that automatically closes the unit when the bin is full or runs out of whole grain.

- ★ Optional Empty Switch
- ★ Self Cleaning
- ★ Fits All Brands
- ★ Screening Chute
- ★ Removable Bar Magnets
